SUMMARY

Motivated and curious Computer Science And Business Systems student aspiring to build a career in Java Development, with growing expertise in AI, Data Analysis, and software development. Passionate about creating efficient, innovative, and user-focused solutions while continuously learning new technologies and improving problem-solving skills.

PROFESSIONAL EXPERIENCE

Game Developer Intern — Velozity Global Solutions

Dec 2024 – Dec 2024

- Improved 2D game experiences using HTML, CSS, and JavaScript through refined gameplay logic, smooth animations, and responsive user interfaces.

Full Stack Development Intern — Cyfoxgen

Jan 2026 – Jan 2026

- Enhanced full-stack web applications using HTML, CSS, JavaScript, and Node.js by developing responsive user interfaces and efficient backend functionality.

PROJECTS

AI-Powered Data Analyst & Insight Generation System

- An AI-powered tool designed to perform advanced data analysis, generate insights, and create interactive visualizations for data-driven decisionmaking.
- Utilizes machine learning algorithms to identify patterns, predict trends, and provide automated recommendations from complex datasets.

AI-Powered Smart Agriculture & Crop Recommendation System

- An AI system that recommends crops based on environmental conditions to support farmer's decisions.
- Uses AI and data analytics to monitor soil, weather, and crop conditions, helping improve productivity and optimize resource usage.

Business Intelligence Dashboard & Reporting System

- Developed interactive dashboards using Power BI and Tableau to analyze datasets, track key performance indicators (KPIs), and present actionable insights.
- Created dynamic visual reports with charts, filters, and data-driven visualizations to support better decision-making.

SKILLS

Python • Java • Power BI • Tableau • SQL • HTML • CSS • JavaScript • Git

EDUCATION

Bachelor of Technology in Computer Science and Business Systems

Sep 2023 - Present

Vel Tech Multi Tech Dr Rangarajan Dr Sakunthala Engineering College

- Relevant coursework in computer science and business administration.

CERTIFICATIONS

Programming in Java (NPTEL-IIT KHARAGPUR) • Java basic (Hacker Rank) • Introduction to database systems (NPTEL-IITMADRAS) • Google Analytics certification (GA4) • Deloitte data analytics work stimulation • Tata data visualization work stimulation • Power Bi (AVNL institute)
